

HEALTHCARE ADVISORY BOARD

## JACOB H. KUPIETZKY – President, Healthcare Transformation, LLC

Prior to founding his consulting company Jacob served in key strategic roles with Tenet Health Systems, Inc. Jacob was the Vice President, Operations Excellence and was responsible for creation and management of the Operations Command Center (PMO) which oversees the creation of key corporate strategic initiatives and manages implementation system wide through the office of the COO. Transformation initiatives include standardized service levels, quality improvements and operational efficiency, physician alignment strategies and targeted growth/clinical program development.

Jacob also served in the capacity of Sr. Director, Strategic Planning where he developed strategy and implementation for Tenet Health Systems to integrate new technologies in core business practices, including patient billing and authorization; nurse retention and recruitment and physician access to clinical results. He served as liaison between IT and operating units and participated in due diligence efforts and vendor contracting;
